

all day

since 2000

for 5 years

for a day

for a few hours

for a few seconds

since this morning

since last night

the whole morning

for 10 years

for 2 weeks

recently

lately

the whole year

the whole day

only for a day

all my life

for a few months

for a whole month

all week

all year

all month

all summer

since my birthday
