

Approximation

Typical phrases we can use to add approximation include **ish, roughly, around, about, approximately, just over, more than, just under, almost, fewer than and less than.**

- ☞ I'll be there at 4ish
- ☞ There were 20ish people at that meeting
- ☞ There were roughly three thousand sales this month
- ☞ We have around one hundred thousand customers
- ☞ There are about 40 new emails
- ☞ We increased our profits by approximately 30% last month
- ☞ We reached just over one million with this ad campaign
- ☞ There were more than 3 million views of our YouTube video
- ☞ We have just under 2 hours to get this presentation finished
- ☞ We have an increase of almost 40% in sales
- ☞ There were fewer than 100 complaints this year
- ☞ Less than 10 staff left us last year
