

Dictation

Hi there, I am Hannah. I am the owner and managing director of Virtually Fluent and I have been working here since I founded it last year. Virtually Fluent is a start-up in the EFL and education industry and provides online courses and classes to learners around the world who want to improve and feel more confident using English.

I've got 7 years' worth of experience teaching English as a foreign language and I'll impart some of this during this course with you. I'll use immersive language techniques and useful, relevant phrases to help you achieve this goal.
