

Countries

Countries

We live on planet Earth, which is made up of land and sea. The sea creates about 70% of our planet whilst the land only creates about 30%.

We use the expression “the seven seas” to talk about the most well-known seas and oceans. ///

Only 30% of our planet is land, but there are 195 countries recognised by the United Nations. These countries are spread across seven continents.

North America

Europe

Asia

Africa

South America

Australia

Oceania

Antarctica

Countries
