Exercise

13) What is the temperature in Scotland?

In Scotland it is only 10°C

Exercise

14) What is the weather in Scotland?

Exercise

14) What is the weather in Scotland?

it is rainy

Exercise

15) What is the weather in the north of Scotland?

Exercise

15) What is the weather in the north of
Scotland?

and in the north, foggy

Exercise

In the UK today, there are lots of different weathers. Down in the south near London, the weather is sunny and it is around 33°C. If we go to the beach on the south coast it is even hotter at 35°C but it is also windy. Moving to the south west of England it is 30°C and it is cloudy.

In Wales, the temperature is approximately 25°C and cloudy with a little bit of sun in the afternoon. Moving to the north west of England, it is rainy and cold. In Northern Ireland, it is also rainy and cold. It is 14°C. In the north east of England, it is 20°C but there is thunder and lightning. In Scotland it is only 10°C, it is rainy and in the north, foggy.

So that's the weather forecast for today in the UK.
